New revelations in the US + what's happening in Israel today

What a mess. Tony Fauci lied to Congress, they deliberately covered up the lab origin theory, and the situation in Israel today is totally unstable. We're next.

I've said this many times before, the entire pandemic response has been an unmitigated disaster. If we had just told people about the [Fareed-Tyson early treatment protocol](#) back in March of 2020, COVID would have been a non-event: COVID hospitalization and death would be tiny.

If you want to protect yourself from COVID, it's simple and obvious: wear a 3M 7502 mask with a P100 filter. Done. But they never tell you that! Never! Nobody tells you that. Instead, they all tell you to do an intervention (wear a cloth, surgical, or N95 mask) which won't protect you at all, and can potentially harm you (oxygen deprivation + risk of respiratory viruses). And then they compound their bad advice on prevention and treatment by mandating you take [a vaccine that kills 15 people for every person it might ever save](#). And even if the vaccine was safe, it still [causes negative efficacy \(makes you more likely to be infected compared to not taking it\)](#). This just shows you how inept the authorities (and "experts") are.

Early treatment was really the only intervention we ever needed treat COVID. But fat chance of that ever happening. No nation on earth is that smart to acknowledge that. I don't think it's ever going to happen because nobody wants to admit they were wrong.

Too bad no public official in the US is calling for a debate on this with [our team of scientists](#). They don't want to be exposed as incompetent.

Here's what's happening today...

They deliberately covered up the lab leak and conspired to treat those who told the truth as "conspiracy theorists"

We now know that NIH knew the virus was man-made (since they funded it) and then when it was released, they deliberately covered it up and conspired to paint those people telling the truth as "conspiracy theorists." See [this article from the Daily Mail in the UK](#).

Top SAGE adviser admitted lab leak theory was 'most likely' origin of Covid in February 2020 but debate was shut down because it could 'cause harm to China', bombshell emails reveal

- Sir Jeremy Farrar admitted he was '70:30' in favour of the theory on February 2
- Wellcome Trust boss was met with immediate opposition from US health chiefs
- Two weeks later the British scientist publicly denounced it as 'conspiracy'

Project Veritas released documents showing Fauci lied about gain-of-function research

We basically funded the creation of COVID. And Congress has insanely kept Fauci in control. I guess none of them have read RFK Jr's book?

How can we make it more obvious to dump Fauci now?

Biden seeks to categorize parents as domestic terrorists

This has been in the news lately. Here's [the Fox News article](#). Basically, if you are a parent who opposes what schools want to do to your kids, they want to consider you a domestic terrorist. You really can't make this stuff up.

It was AT THE BEHEST OF THE BIDEN ADMIN that the letter was sent in the first place. They literally said "write us a letter so we can respond."

Quebec to force unvaccinated to pay financial penalties

Quebec is going to charge the unvaccinated to pay for skyrocketing healthcare costs. You really can't make this stuff up. It's an AP News story. I'm sure we're next.

Israel is a disaster zone today

Please read this entire Twitter thread if you want to get a sense for what is happening in Israel today. It's basically both sides trying to straighten the ship, and they are tearing the country apart.

This is important to watch because what is happening in Israel today is what will be happening in the US tomorrow as Biden keeps pursuing the senseless mandates, despite the clear evidence they are making things worse. He doesn't care.

I write about COVID vaccine safety and efficacy, corruption, censorship, mandates, masking, and early treatments. America is being misled by formerly trusted authorities.

This is why Medicare For All must NEVER pass! The GOP must learn to message! It's one of the reasons I'm all in supporting Dr Oz..
